TITLE: TABLE FOR A MOTOR VEHICLE SEAT

Preliminary Amendment: CLAIM AMENDMENTS

1. A table for a motor vehicle seat comprising:___

a table supporting means, ~~said table supporting means~~ being provided at an upper end thereof with a loop, said loop being hung on a headrest of a motor vehicle seat so that said table supporting means is positioned substantially vertically, said loop being removable from said headrest; and ___

a table having a table holding means, said table holding means holding said table vertically rotatably by means of a horizontal shaft, said table holding means being provided with a vertical hole, said vertical hole having a larger diameter than said table supporting means, said table supporting means being passed through said vertical hole of said table holding means, a vertical bolt being threadedly engaged with said table holding means, a lower end of said vertical bolt being in contact with a base portion of said table so as to maintain said table at a desired angle.

2. (Currently amended) A table for a motor vehicle seat as claimed in claim 1, wherein said table supporting means is ~~provided with~~ comprised of two parallel members, said table having two of said table holding means, each of said parallel members being passed through each vertical hole of said table holding means.

3. (Original) A table for a motor vehicle seat as claimed in claim 1, wherein said table supporting means is attachable to any of a front surface and a rear surface of a back of a motor vehicle seat.

4. (Original) A table for a motor vehicle seat as claimed in claim 2, wherein said table supporting means is attachable to any of a front surface and a rear surface of a back of a motor vehicle seat.
